Heritage Week: Old Saints win the coveted sports shield

Heritage Week culminated with the annual Old Saints v Students’ Sports Event on Friday, 6 May in the ASC Indoor Sports Centre. This year three sports were played simultaneously: Netball, Basketball and Soccer and the Old Saints were eager to win the title for the first time since the few Students in 2014 and having a draw in 2015. A record number of over 35 Old Saints returned to the College to take on the students, and it was wonderful to see some foundation students (1985) playing amongst them. All the matches were played in a high and friendly manner with the Old Saints winning all three matches convincingly to win the 2016 shield. Thank you to Oliver and Daniel for coordinating the teams.

Thank you to all those who played:

- Phoebe Anderson (2013)
- Oliver Beath (1998)
- Chloe Bygrave (2014)
- Thomas Capstick (2015)
- Shaun Choo (2001)
- James Clifford (2014)
- Rubee Curtis (2015)

- Emily Werner (2014)

Throughout the week students participated in various activities including an Art Competition, the Old Saints’ Challenge – in 15 minutes, can you build a newspaper bridge that spans 60cm and supports a weight? and a fundraising sausage sizzle which raised $629.00 in aid of the Ethan Davies Scholarship for brain cancer research in children.

Volunteers do not always have the time, but they certainly have the heart: this epitomises the Old Saint!

Over the past six months, members of the Old Saints community have volunteered their time to assist with the coordination of a wide range of activities. Thank you to all Old Saints Alumni.

An exciting event was the launch of the new Potentially Old Saints website. This took time to develop and we appreciate the support of the College with this significant improvement to helping Old Saints stay connected. You can:

- Update your contact details
- Register to attend reunions and events
- Promote your business in the business directory
- Encourage social interaction and networking between Old Saints
- View photos of events and reunions
- Reconnect with old school friends

I encourage all of you to register your details. Make use of the Business Directory to see if an Old Saint can help you!

Heritage Week would not be possible without dedicated Old Saint volunteers assisting with various event and student activities during the week. Thank you to:

- Sian Angel (née Morgan, 2002)

From the Old Saints’ President
Kathryn Osmetti (2011) demonstrated a flair and love for the Arts while at ASC, so therefore it is no surprise that she pursued a career which allows her to regularly express her creativity.

Kathryn trained at WAA and completed a Diploma of Specialist Makeup last year. Since then she has been working as a freelance Makeup and Special Effects Artist and has gained significant experience in the industry including fashion, bridal, theatre and special effects. Kathryn has exceptional attention to detail and believes in working closely with her clients to reflect their personal style and highlight their natural beauty. She is passionate about her work and continues to stay up-to-date on the latest makeup trends. Kathryn specialises in all areas of makeup and offers a mobile service across WA and beyond.

The college also welcomed Kathryn recently when she helped with the students’ hair and makeup for the annual drama productions.

To view Kathryn’s latest work, please visit her Facebook (Kathryn Osmetti Makeup Artist Perth) and Instagram (@kathrynosmettimakeup) pages.

Kathryn wasted no time adding her contact details to the Business Directory of the Old Saints’ website.

Congratulations to John Blaxill (2010) who won the launch of the Old Saints’ website competition.

The draw was livestreamed as Principal, Belinda Provis, drew out the winners name. John was delighted to receive the winner’s cheque from Belinda and Old Saints’ President, Sian Angel.

Since leaving ASC John set his sights on becoming a veterinarian. He is now in his sixth year of studying Veterinary Medicine and Surgery at Murdoch University. The degree has taken him all over Western Australia, and even internationally working as a volunteer for the World Veterinary Services. What is he going to do with his $1000 win? Buy a dog, of course!

Congratulations to: DAMON JOHNSTON
OUR FIRST BUSINESS CARD WINNER!

It will probably come as little surprise to those of you who know Raymond that he’s had robots on his brain for a while! Practically, he is the leader of the Intelligent Robot Group at the Department of Computer, Curtin University. he is working on projects ranging from response robots to hazardous environments to intelligent robots that will revolutionise healthcare.

"I remember meeting around with robotics during metalwork class while i was a student at RVC back in the late 90s. It was through the support of my parents and my teachers at All Saints’ that I was able to gain the interest and interdisciplinary skills to pursue this interest.

I have since been fortunate to keep in touch with the All Saints’ College Robotics Club and want to inspire my own students.

Raymond will be spending more time in the US, working within our National Institute of Standards and Technology. He will be a key advisor for the Open Academic Robot Kit and Rapidly Manufactured Robot league. He will be key in the development of new robotics advisors for All Saints’ and local schools join us in developing the next generation of intelligent robots. We look forward to publishing their wedding photos in a future edition of Dovetails!
In Memoriam

Kristy Baker (née Priest) 1975 - 2016

Kristy Baker (née Priest) lived an amazing 40 years and was a bright spark who was known for her infectious smile, beautiful presence, small stature and boundless energy. Kristy was always extremely social and gathered friends wherever she went!

Kristy graduated from All Saints’ in December 1992 and worked for the School of Science in Nursing at Curtin University, graduating in 1997. She had an exciting career mainly in university, graduating in 1997. She had an exciting career mainly in intensive care nursing in London, Cornwall and then returning to Perth to work at Fremantle Hospital and St John of God, Subiaco.

Kristy loved travelling and socialising and in her late 20s met the love of her life, Michael, at work. Kristy and Michael were married in December 2003 and welcomed three beautiful children, Isabella (2004), Molly (2006) and Timothy (2008).

Kristy was an extremely dedicated and loving mother, wife, daughter, sister and friend, and family was extremely important to her.

Recently married! Married to a family! Graduated from university or travelling the world! Whatever you do, you will have fun to hear from you. Kind the Alumni & Promotions Officer: mary.thornton@allsaints.wa.edu.au and share details of your career, life and photographs. Whatever you are up to, we'd love to hear from you!

Brett Healey (1992) officially opened the new Year 5/6 building as a representative Old Saint who was part of the first Year 6 class in the original building with his son Ben who is part of the first Year 6 contingent to reside in the new building.

He said it was ‘remarkable to a bright, shiny, state-of-the-art primary building in 1986; a school in its infancy, surrounded by bush land, situated on a hill in 1997 being brand new white bildings with fresh white board markers to superior upgrade on the chalkboards that had been used at old primary line of the new building. A new projector whose fan didn’t screech when it overheated; wet rooms and manually-sliding petition dividers between classrooms (truly revolutionary at the time); hills of freshly-laid grass, petitioned with ropes and star pickets (apparently not for grass seeding on some as according to groundkeeper, Chris, who would draw all the field markings every morning before school); the 25 cent toasted cheesy rolls at the canteen and competitive savings in the sandpit with sliding on winter dew according to groundskeeper, Dixie, who would shoo us off his brand new masterpiece every morning before school).

This was the beginning of knowing that we were part of something bigger. A school that was all inclusive, that had a support and friendship network for beyond our tender age. These 12 boys who allowed us to follow our dreams confirmed that we were part of a safe and caring community.

One of the most enduring friendships that I have enjoyed - 30 years later - friends who are almost as close as family. This is something that I regard as one of the greatest gifts the All Saints’ community has provided me. I enjoyed the boys and girls I met would translate into some of the longest and most enduring friendships that I have enjoyed.
