What makes a good Reunion?

Reunions cannot take place without the help of a Class Coordinator who brings the year group together. As from next year, all Reunions will be held in the new Theatre, so all we need is for a coordinator to use their Social Media network to “rally the troops”. The 20 Year Reunion (Class of 1992) was one of the most successful due to the determination and passion of the Class Coordinator, Brett Headley. “It has been a pleasure helping to organise the 20 Year Reunion, along with Naomi Bain (née Caple). Seeing each of my three children start Kindergarten at All Saints’ has reinvigorated my passion for the College. With the prospect of them knowing their peers throughout all of their school life, I am reminded of some of the friendships I share today with my year group, 20 years later. Reunions are a fantastic part of this process of keeping in touch and should be a celebration of our successes over the years, from the solid base that our school gave us and helps to retain and build on the remarkable history of All Saints’ College.” Brett said.

Old Saints’ Reunions

For these reunions to proceed, a Class Coordinator from each year group is kindly requested to help assist with the planning. If you are willing, please email the Director of Community Relations, Anthony Radich: Anthony.Radich@allsaints.wa.edu.au or phone (08) 9313 9333.

The inaugural Old Saints Committee was formed in 1986 to establish a connection between the College and its former students. Today, the committee has evolved into a strong body of former students who strive to maintain those links and stay connected. The relationships you build while at ASC can turn into lifelong friendships and establish a sound network for later career development.

Above is a photo of some of our current Old Saints Committee Members. L-R: Petro Ludhey (2002) is about to spread her wings and start travelling again after having worked as a Primary School Teacher at an Anglican school in Perth; Adam Goor (2007) is in his final year of Chemistry at Curtin University; Sian Angel (née Morgan, 2002) is our former President and after working as a teacher at Santa Maria has gone to Canada to work for two years; Dave Burbidge (1987) is a longstanding member of the Committee and an IT guru; Gemma Peters (2002) is teaching in the Junior School at Perth’s College after enjoying working and living in Europe; Mark Balding (1998) owns his own IT firm and is currently completing a Masters in Leadership and Management. He has two children in the Junior School; Rebecca Long (2010) is studying Medicine at UWA, Simon Stone (1985) and Sonia Johnson (1985) are both Foundation Students, Board of Management members and also have children at All Saints’. Simon is also the Chair of the ASC Foundation and is Director of Technology Consulting & Product Management for a global mining & geological consulting company. Sonia is working at Princess Margaret Hospital, Child & Adolescent Health Service in the CLASP Lifestyle Clinic. After living in Japan for eight years, Bruce Uchiyama-Lee (1986) works as a School Administrator (Acting) at a K-12 school.

If you would like to be actively involved on the Old Saints Committee please feel free to attend one of the meetings. We have four meetings a year and the only prerequisite is a passion for keeping the Old Saints connected!
ASC welcomes fifth Principal in 2013

The Board of All Saints’ College is very pleased to announce the appointment of Ms Belinda Provis as Principal of the College. Belinda is currently Principal of Seymour College in Adelaide and will be joining ASC from the beginning of Term 2 in 2013. Belinda is originally from Albany, and has taught in a number of Western Australian and eastern states schools. In the past ten years at Seymour College she has developed the school into a leader of scholarship and community service and we are very fortunate to have attracted her and her husband Mark back to her home state.

Old Saints e-Mentoring Program

Emily Rainey (1994) has the e-Mentoring Program off to a wonderful start by making contact via email with a current Year 12 student, telling her about her career path with the Australian Government Aid Program – AusAID in Kenya. AusAID helps people overcome poverty and coordinates Australia’s response to humanitarian disasters in developing countries. Emily loves working in a job where she can have such a large and positive impact on people. She has been fortunate enough to live in Indonesia, the Philippines and Canberra before being based in Kenya. Much of her work is centred around Somalia and northern Kenya, which unfortunately is too dangerous to travel to. However, Emily likes to reflect on the things that AusAID can achieve and how they make a real difference.

If you can help with e-Mentoring, please do not hesitate to contact: Mrs Grace Itzstein, Career Counsellor at grace.itzstein@allsaints.wa.edu.au

Competition Winner

Congratulations to Julian Leong (2007) who won the Name the Old Saints’ Newsletter Competition with his entry DOVETAILS and the subheading “Keeping Old Saints Connected”. Julian explained that DOVETAILS is a play on words for the word tails, or tales relating to stories from or about former students. Also, a dovetail is a connection point, where there is an interconnecting joint. But in the case of our newsletter the connection point is “Keeping Old Saints Connected”. Julian is pictured above being presented with a Garden City gift voucher for $100 by Fr Braden Short, Principal (Acting) (Left) and Director of Community Relations, Mr Anthony Radich (Right).

If you have any of these items and can bear to part with them, please contact Mary Thornton, Alumni & Promotions Officer mary.thornton@allsaints.wa.edu.au
