LABORATORY TECHNICIAN
(permanent, part-time, term-time)

The College
All Saints' College (ASC), one of Australia’s leading independent, coeducational Anglican day schools, is committed to providing an inspiring teaching and learning environment. Located approximately 15 minutes south of the Perth CBD on a beautifully landscaped 19 hectare campus, the College caters for approximately 1,300 students from Pre-Kindergarten through to Year 12.

The opportunity
The College seeks applications from experienced and qualified Laboratory Technicians to provide a high standard of scientific technical support to Science teachers of all disciplines within the Senior School Science Department. Reporting to the Laboratory Manager, the Laboratory Technician assists with sourcing and preparing materials and equipment for a variety of in-class scientific demonstrations and practical assessments, as well as the maintenance of scientific equipment. The working hours of this position are three days per week (22.5 hours) during term time, and in this regard the College is willing to negotiate the days of attendance to suit the successful applicant, which includes spreading the working hours over four or five days per week. Due to the demands of the Science Department’s curriculum, the ability to work extra hours (on occasion) is a requirement of this position.

The successful applicant will need to demonstrate:

- experience and qualifications in providing laboratory support services (preferably in a secondary school environment);
- demonstrated knowledge of laboratory techniques;
- well-developed organisational skills with an ability to work with limited supervision; and
- a commitment to providing a high standard of technical support and maintaining a safe and hazard free work environment.

All Saints’ College is a stimulating and rewarding workplace that offers additional benefits to its staff, such as opportunities for professional development, discounted school tuition fees and generous leave entitlements. All ASC staff are expected to uphold and support the College's Anglican ethos, and hold and maintain a Working with Children Clearance for the duration of their employment.

How to apply
To be considered for this position your application will need to include:

1. a one page cover letter addressed to the Principal;
2. a Curriculum Vitae containing employment history, educational qualifications and the contact details of three professional referees.

Applications may be emailed to: applications@allsaints.wa.edu.au

Please direct any enquiries to Tony Bilson, Director of Personnel and Policy, on (08) 9313 9389.

Applications close at 1.00pm on Monday 13 April 2015.
